Course Description (2 CEU): As a dentist, you pour your time, energy, and heart into your practice. Yet balancing patient care with the demands of running a business – as CEO, CFO, and CMO – can feel overwhelming. Layer in today’s economic uncertainty, rising inflation, shifting tax laws, and market volatility, and it’s no wonder that planning your financial future often takes a back seat. **Educational Objectives:**

- Identify tax strategies to improve cash flow and support market volatility.
- Set a realistic business and personal financial plan to help meet your long-term goals, everyone through times of adversity.
- Understand how private equity works and when it might be the right choice for you and your practice.

Registration Information Fee: \$50/person — \$25/full-time KCU faculty
